**ISO 9001 Certification Emphasizes Customer Commitment**

**West Chester, OH** –Quasonix, Inc. this week announced receipt of ISO 9001:2008 certification. ISO 9001 is a quality management standard recognized around the world with the objective of improving product quality and customer focus through process improvement.

Terry Hill, president of Quasonix, stated that: “Quasonix has always used design, manufacturing, and test procedures that ensured our customers got the quality they expected and needed. Getting our ISO certification has clarified and formalized those procedures, and it tells our customers that we're committed to attaining even higher levels of quality and performance.”

**ABOUT QUASONIX, INC.**

Quasonix designs, develops, and manufactures high performance aeronautical telemetry systems and is a recognized industry leader for spectrally efficient modulations such as SOQPSK and Multi-h CPM. Quasonix' advanced product line extends from the air to the ground and includes transmitters, receivers, and demodulators with integral bit synchronizers. Quasonix is...Reinventing Telemetry™.
